HOW CAN WE HELP YOU?

The MS910 should be recognized as a generic HID device by your host device, similar to a standard keyboard. This allows you to scan into any field that you could normally type into.

Unitech's professional support team is available to quickly answer questions or technical-related issues. Should equipment issues occur, please contact a Unitech Service Representative at (800) 861-8648 for more information.

TEST & FINISH

Open a word processing program such as Microsoft Word or Notepad on your host. Now scan the following barcode:

If the word "Unitech" appears on the screen you have successfully installed your scanner. Congratulations!
