

## Run Collection Statistics Report

This report provides an analysis of the library collection by Call Number and provides collection statistics, inventory values with circulation statistics. By Default G3 displays Categories in Alphabetical order and generates report results and prints its findings in Call Number sequence beginning with Non-Fiction first. The number of Call Number Categories governs the number of pages contained within this report; using the G3 standard this report is 5 to 6 pages long with the total counts and values on the last page.

This same report can be used to create statistics information for a single Category G3 provides flexibility.

Dollar values shown on this report come directly from the holdings information of each record, if no dollar value exist in the book record category count values will be lower then actual worth of the collection.
